Mandatory Captain's Meeting

Online September 12th, 6 pm

\$300	\$200	\$100	\$100	\$100
1st	2nd	3rd	Biggest	Smallest

1st, 2nd, and 3rd place based on quantity harvested, regardless of size.

Harvest Begins: 12:00 am 9/14/24 - Harvest Ends: 11:59 am 10/12/24

Fishing allowed in state and federal waters off the coast of Florida (or anywhere really, we're not picky)

Your participation and efforts benefit reef and marine health of all areas impacted by lionfish invasion. A single lionfish residing on a coral reef can reduce native reef fish by 79 percent by feeding on prey normally consumed by snappers, groupers, and other native species.
